

Improving Efficiency & Effectiveness

How to Reduce Costs & Operational Budgets by 20%+ Without Disrupting Work

2 Week Training Program

✓ Using Resources Waste Reduction and Value Analysis & Engineering Methodologies

A 2 Week Training Program

What is Covered in this Program

This program draws on the experience of countless companies to present a simple and straightforward approach to reducing costs. No particular previous experience or training is required for this program - except for a basic understanding of business processes.

It sets out a clear, step-by-step approach, with detailed examples and practical suggestions at every stage. It also provides all the "ammunition" necessary to convince a Board of Directors, the Chief Executive, or the senior management team, of the need to conduct a Cost Reduction Analysis and Value Analysis & Engineering, as well as the tools to act on the analysis results. Throughout, examples and illustrations are drawn from different business sectors. This has been done to remind users that the tools and techniques of a Cost Reduction and Value Increase Analysis apply to every organization for-profit or not-for-profit, manufacturing or service, publicly or privately owned. It should also help you to tailor the analysis to the exact situation and circumstances of your company.

Program Content

1. How to measure costs and value?

2. How to Identify and eliminate unnecessary, waste, rework and other hidden cost?
3. How to create value using processes that frees up budgets allocated for alternate processes creating the same value.

11. Setting up Early warning system to Provide Decision Support Data
12. Workshop Case Studies 1
13. Workshop Case Studies 2
14. Program Recommendations
15. An Individualized Action Plan for each Participant.

Program Outcomes and Takeaways

How to Reduce Costs & Operational Budgets by 20%+ Without Disrupting Work Training (BUD900)

Euro Training is in the business of providing practically useful training programs.

Programs that -

1. Help the participant implement systems in his organization
2. Help the participant gain *multi-discipline* understanding of the issues so that he can incorporate the needs and expectations of all stakeholders and all his customers, in his improvement proposals and actions
3. Help build a knowledge framework in which job related experience can be caught and remembered as his experience

A typical participant will take away a personalized action plan for himself, his business unit or his organization on how to apply the program contents to improve performance. The action plan may have two components:

1. A personal action plan
2. A business unit/organizational action plan

Benefits to Organization

Sending participant/s to this program will benefit the organization in the following ways-

1. Quickly make the participants competent, effective and productive on their job. Useful especially for
 1. Training new employees
 2. Competency building in existing employees transferred to a new assignment
 3. Training prior to a new project or initiative planned in the organization
2. Help the employee do his job well by developing competencies related to-
 1. Relevant technical knowledge and skills
 2. Organizations' strategic objectives

3. Needs and expectations of the stakeholders/customers (internal and external)

4. Good management practices

5. Identifying opportunities to exceed stakeholder/customer expectations

3. Create a pool of trained manpower that can cost-effectively disseminate the knowledge to a large number of employees inside the organization. This is made possible by Euro Training's unique, easy to understand and easy to use methodology, based on *checklist and quality assurance* approaches.

4. Euro Training instructors often act as mentors for the participants. It's the most effective way to ensure effective competency development and the subsequent application of those competencies on the job, by your motivated staff. We do have consultants available across Americas, Europe, Asia and Africa (Please inquire about our post program mentoring plans).

Individual Career Benefits for Participants

1. You gain a multi-discipline understanding of the issues. That means, when you make proposals or decisions on your job, you will keep in mind the needs and expectations of ALL the stakeholders/customers (internal and external).
2. The action plan you take away will help you make a difference in your business unit or organization! When you talk about this difference you have made to your organization in your resume, you will be a prime candidate for career advancement in your own organization or in your next job(s).
3. Understanding and acting with understanding of the needs and expectations of your

How to Reduce Costs & Operational Budgets by 20%+ Without Disrupting Work Training (BUD900)

stakeholders/customers is known to enhance *job satisfaction* and reduce Monday morning blues.

4. As one of your stakeholders/customers is Executive Management, the program ensures that you know the strategic imperatives that drive the organization's efforts in your relevant job area.

This Program is Intended for...

Those new to the field take away a good multi-discipline understanding of the issues involved in their work. It helps them in becoming productive quickly and in building a knowledge framework that will help them identify, understand, classify and remember on the job learning and experiences.

More experienced participants take away an individualized action plan as mentioned in the previous sections.

Implementation Teams: This program can be used to train implementation teams...

1. when a new project or initiative is being started in your organization
2. when a new strategic focus is being initiated
3. just prior to a consultant being hired to advise the organization

Each participant will take away a memorable and potentially life changing experience from the program.

No limitations are being placed on who can attend. If you are interested in the program outcomes and takeaways, or feel you can benefit from the organizational and personal benefits mentioned above, you are welcome to register for this program. Program instructors have the knowledge, experience and access to resources required to customize the program to the specific job related needs of each program group.

Language of Instruction

Unless otherwise stated the program instruction is in standard day-to-day English. Participants can request the instructor to

provide a program vocabulary which will ensure they have no problem understanding the content.

Other language versions are being developed by our consultants and regional partners (including program in **French, German, Spanish and Arabic**). Please do contact us for your specific language needs.

Registration Recommendations

Team Nominations: This program aims to ensure the participants have their individualized improvement plan at the end of the program. So, foreseeing the effort involved, anticipating resistance and implementation requirements, it is recommended that the organization nominate **at least two participants together** (three will be more desirable) for this program.

It is anticipated that these 2 or more participants will work together as a team or provide mutual support in order to implement the action plan.

Single nominations will also be accepted for the program. Single nominations are typically used to -

1. Develop personnel skills in critical skills and methodologies covered in this program.
2. Train individuals for leadership roles in business units or departments. This program will help the participant coach and lead his team in these critical skills and methodologies. (The program typically does not cover coaching skills but provides the related technical understanding in an easy to communicate manner).
