A 2 Week Training Workshop

Program Overview

This is a workshop for Contract Drafting and Reviewing Professionals? participants will spend substantial part of time on hands-on doing drafting exercises closely resembling their own job requirements. The participants will also learn the art of knowledge accumulation for effective, productive and enforceable contract drafting. The Key difference is - in this program the participant is also required to hands-on practice what is taught. Program includes instructor assisted individual practical work.

In this program you can choose to work on any one of following workshops... Civil Project; Mechanical, Electrical Project; Turnkey Project (Design Build); Supply of Services or Labour Contract; Negotiated Contract, Single Source Contract; Consultant Contract; Procurement Contract; General Tender Preparation, Invitation, Analysis Award. In Every Project or Works Contract there lies the possibility for disputes due to varied interpretations, different trade meanings, discrepancies and ambiguities in Contract Documents. Those drafting contracts often lack knowledge of Technology, Methods and Practices of the Industry. Risk Reduction by Planned Risk Transfer is the single most important purpose of this program. Past participants have reported great benefits they achieved on their projects and contracts using the analysis and methods introduced in this program. Drafting Contracts from the viewpoint of risk transfer involves an

integration of Law, Methods, Practice and Technology. Useful inputs are possible from properly informed Engineers to Lawyers.

More experienced participants take away an individualized action plan as mentioned in the previous sections.

Implementation Teams: This program can be used to train implementation teams...

1. when a new project or initiative is being started in your organization
2. when a new strategic focus is being initiated
3. just prior to a consultant being hired to advise the organization

Each participant will take away a memorable and potentially life changing experience from the program.

Registration Recommendations

Team Nominations: This program aims to ensure the participants have their individualized improvement plan at the end of the program. So, foreseeing the effort involved, anticipating resistance and implementation requirements, it is recommended that the organization nominate **at least two participants together** (three will be more desirable) for this program.

It is anticipated that these 2 or more participants will work together as a team or provide mutual support in order to implement the action plan.

Single nominations will also be accepted for the program. Single nominations are typically used to -

1. Develop personnel skills in critical skills and methodologies covered in this program.
2. Train individuals for leadership roles in business units or departments. This program will help the participant coach and lead his team in these critical skills and methodologies. (The program typically does not cover coaching skills but provides the related technical understanding in an easy to communicate manner).
