

Desalination Technology Centre

Desalination: Technologies, Processes, Design Good and Best Practices, Facility Audit, Facility and Performance Balanced Score Card. Reclamation of Waste Water Desalination Step, Boiler Water Treatment, Multi-Stage Flash Plants, Reverse Osmosis Large Scale Plants, Vapor Compression Plants. Solar Desalination Plants

PROGRAM	TITLE
ADE701-6	Implementing Automation and Productivity Enhancement in Your Desalination Plant Unit
BDE701-6	Implementing Good Management Practices in Your Desalination Plant Unit
CMS495-6	Corrosion in MSF and RO Desalination Plants
FDE701-6	Implementing Cost Reduction and Value Engineering in Your Desalination Plant Unit
HDE701-6	Implementing Employee Motivation & Reward Systems in Your Desalination Plant Unit
POW310-6	Water Desalination Technology Processes Management
POW314-6	Water Desalination Plant Technology, Processes and Management
POW316-6	Operation Maintenance and Control Of Multi-Stage Distillation
