

## Planning, Estimating & Cost Control Center

### Good & Best Practices for Project Planning, Estimating, Cost Control & Value Engineering

Code	Program Title
EST201-1	Advanced Estimating and Value Engineering Skills
VAE501-1	Advanced Value Engineering and Step-by-Step Implementation Methodology
EST801-1	Data Analytic Methods for Better Decisions in Your Planning, Budgeting & Value Engineering Units
EST700-1	Developing your Own Estimating Database
PMS251-1	Effective Planning & Scheduling Methodologies and Skills
EST280-1	Estimating, Budgeting & Value Engineering Skills
EST200-1	Estimating, Budgeting, Cost Control & Value Engineering Skills
EST800-1	Financial Analysis of Projects and Proposals
PIM622-1	Identifying and Managing Risks on your Projects
XRM961-1	Managing Project Execution Risks
EST230-1	Professional Cost Controller Skills
QSP680-1	Quantity Surveyor Professional Training Program
ECC230-1	Total Cost Control Professional Skills
VER900-1	Value Engineering on Road Design Projects
